

Hello, we are Access Scaffolding (Hastings) Ltd, we can meet all your scaffolding needs.

- We can provide you with cost effective **free, no obligation quotes**
- We are a local based company providing friendly staff
- Our team are focused, trained and competent in their work
- We work to our own high standards

We offer the following:

Commercial works: – As an organisation we understand the impact that construction works can have at your commercial premises and that we will need to fit around the works on your site whilst maintaining safe areas of work.

We can conduct site visits prior to works starting to discuss and arrange the work area in order to minimise impact on your business needs, we will provide suitable and sufficient risk assessments/ method statements specific to your site requirements.

We plan to build and maintain professional ongoing working arrangements with all of our commercial customers.

Domestic premises: – We know our customers want a safe, professionally erected scaffold that meets the appropriate scaffolding safety standards as well as meeting good practice requirements.

Along with our competitive prices we offer a great service, we aim to provide honest, accurate advice throughout your works and we will endeavour to leave the premises clean and safe both during and after any works are completed.

We can offer:

- Commercial site scaffolding
- Domestic site scaffolding
- Protection and support scaffolding
- Shoring scaffolding
- Temporary roof scaffold
- Rubbish chutes
- Electrical and manual hoists
- Hire of alarm protection
- Hire of scaffold tubes, fittings, boards, support beams and fencing etc.
- All other scaffolding needs
